Pursuant to Order No. 94-11, item 4, Lockheed Martin Corporation hereby submits this quarterly report to the Regional Water Quality Control Board, Santa Ana Region.

Technical Data Generated

No significant new technical data was generated during this reporting period.

Progress Made

A meeting with Regional Board staff occurred at the Regional Board offices in Riverside on January 27, 1999. The meeting included discussion of the remaining activity at the Site. Regional Board comments were received and are being incorporated into a work plan presenting activities that will lead to closure of Site characterization.

Problems Encountered

No significant problems were encountered during this reporting period.
